

Planet Friendly Volunteer Events

Location: Raglan Street, Town of Collingwood (CA)

Since 2013 (and most times on Earth Day), Greenland Group staff and families hold an annual clean-up of Raglan Street after it was reconstructed in 2011. It is now a gateway to the community's industrial park and includes the Georgian College campus.

First Nations Education Support

Location: Munsee-Delaware First Nation (CA)

Since 2009, the Greenland Group (via Stragis Environmental) has provided in-kind/pro-bono support to community training and celebration events involving Indigenous Peoples. This includes teaching classes in association with the Anishinabek Educational Institute at Nipissing University in North Bay (CA).

Annual Charity Support

Location: Town of Collingwood (CA)

For the past decade, the Greenland Group has coordinated (and sponsored) with Trinity United Church a youth Christmas Box campaign. Every year, many boxes with donated presents are wrapped/distributed by Greenland staff and for local families in need.

NGO Project Support

Location: Ontario Water Centre (CA)

Since incorporation, the Greenland Group has provided in-kind and financial support to environmental Non-Government Organizations (NGOs). This includes a recent children's book prepared by the Ontario Water Centre about the Lake Simcoe Basin titled: *"Do Fish Fart? And Many More Amazing Questions and Answers about Lake Simcoe"*.

University Financial Support

Location: University of Guelph Engineering School Expansion (CA)

Since 2003, the Greenland Group has maintained strong ties with Ontario-based universities involved with collaborative R&D and software development projects of mutual interest. This includes Guelph University and where Greenland directors financially supported a recent construction project.

Public – Private Partnerships

Location: County of Simcoe (CA)

Since incorporation, the Greenland Group has maintained a unique public-private partnership business model to develop science-based technologies. This has included the Nottawasaga Valley Conservation Authority and other partners to secure funding for projects of mutual interest. The picture highlights a funding announcement from a \$29Million Environment Canada clean-up program (from 2013 – 2017).

University Education Support

Location: University of Guelph (CA) - Judging Panel for the School of Engineering Design Contest

Since 2003, the Greenland Group has maintained strong ties with Ontario-based universities involved with collaborative R&D and software development projects of mutual interest. This includes Guelph University where Greenland staff volunteer annually to support many Engineering School events.

National Charity Support

Location: Canada

Since 2003, the Greenland Group has financially supported national registered charities operating across Canada. This includes Special Olympics Canada, United Way Canada and Big Brothers Big Sisters of Canada. Annual fundraising events include Mayor and Warden sponsored golf tournaments and regional dinner auctions where all event proceedings are provided to the host charity partner.
