UWGL is currently seeking a **Construction Inspector** for civil works related to land development projects. This is a seasonal position (approximately April to December) with the potential to be full-time based on the performance and skillset of the incumbent. This position would be based out of our Collingwood Office, but requires on-site construction inspection in the Innisfil area.

Responsibilities:

- Inspect and oversee the construction of roads, water and wastewater servicing, storm water management and grading/drainage works to ensure compliance with design and specifications;
- Complete construction reports summarizing work completed and maintain daily log;
- Measure and record as-constructed information;
- Attend site meetings and record minutes of meetings as required; and,
- Liaise and coordinate with contractors, consultants, regulatory agencies, and other project stakeholders.

Qualifications:

- Preferred 3+ years' experience in civil construction or engineering, with strong preference given to those candidates with municipal engineering or land development related experience;
- Well versed in engineering and construction principles, and familiar with municipal design specifications and standard form contracts (e.g., CCDC);
- Demonstrated familiarity and compliance with Health & Safety standards on construction sites;
- Excellent verbal and written communication skills; and,
- Degree or Diploma in a related field (e.g., construction management, civil engineering), and working knowledge of AutoCAD, Land Development Desktop, and Civil-3D, would be considered an asset.

We offer a competitive compensation package, commensurate with the experience of the applicant.
